

We have created i4see reports that can help you identify data anomalies that will affect your AYP results. The first two reports identify possible anomalies that may help you recognize a mistake in your Beginning of Year submissions. The second two reports simply display all the students who were tested in your district and had a matching BOY or Alternative Assessment record. (These four reports can be found on the i4see Workbench, under the District Review -> General Reports).

Final edits to your submissions must be made by 4:00pm on Feb 6th, 2009, in order to be included in your AYP calculations. Verification for this report and all AYP data reports must be signed by the Superintendent and faxed to: Deb Wiswell at 271-7381, by 4:00pm on Feb 6th, 2009. Superintendents will receive the verification form with instructions via email from Tim Kurtz.

Please feel free to contact i4seeHelp@ed.state.nh.us with any questions about these reports.

The screenshot shows the 'New Hampshire Department of Education i4see District Review' interface. At the top, there's a header with the department name and 'i4see District Review'. Below this, a 'Help?' link is visible. The main area has two dropdown menus: 'Please select submission type' set to 'General Reports' and 'Please select a school year' set to '2008-2009'. A 'Verify Across District' button is present. Below the button, it says 'Batch Summary General Reports - 2009'. A callout box with a blue border and a pointer to the report list contains the following text:

These four reports provide information to help verify your assessment information.

- 1) A report that identifies students who took the test in your district, but will not be counted because there is no matching BOY (beginning of year) record for the student.
- 2) A report that identifies students who appear to be in your district on Oct 1 but did not turn in an assessment.
- 3) A report that identifies the majority of your students -- those who submitted a booklet and are in your Oct 1 BOY submission.
- 4) A report that identifies your students who completed the Alt assessment last year.

Below the callout box, the 'District Reports' section is visible. It contains a table with checkboxes and report names:

Confirmation Status	Report Name	Icon
<input type="checkbox"/> Confirmation Required	Fall 2008 NECAP -- Tests That Will Not Be Included in AYP	
<input type="checkbox"/> Confirmation Required	Fall 2008 NECAP -- Students in BOY Who Were Not Tested	
<input type="checkbox"/> Confirmation Required	Fall 2008 NECAP -- Tests with Matching BOY Records	
<input type="checkbox"/> Confirmation Required	2007-2008 Alternative Assessment Portfolios	
<input type="checkbox"/> Confirmation Not Required	List of Teachers in SAU	
<input type="checkbox"/> Confirmation Not Required	User Id Review -- User Ids assigned by your SAU
